NEW OFFICE FOR MASSEY

PENNSYLVANIA'S GENERAL SOLICI-TOR MADE GENERAL COUNSEL.

Francis I. Gowan Appointed to Succeed Massey, and Messrs, Prince and Patterson Promoted.

The board of directors of the Pennsylvania Railroad Company at its meeting yesterday created the office of general counsel, and appointed General Solicitor George G. Massey, of Delaware, to the position. Francis I. Gowan, formerly president of the Choctaw Railroad, was appointed general solicitor to succeed Mr. Massey. Other promotions announced were those of P. D. Prince and George Stuart Patterson, assistant solicitors, to be assistant general solicitors.

It is stated the directors also authorized the bridging of the Susquehanna river at Shock's Mills and the construction of new freight yards at Marysville, Pa., near Harrisburg and in this city at West Philadel-

The Western Union Suit.

The application of the Western Union Telegraph Company for an injunction to restrain the Pennsylvania Railroad Company from compelling the plaintiff com- fore pany to remove its poles and wires from the right of way of the Pennsylvania Railroad Company by reason of the alleged expiration of the contract between the companies came up for argument in the United States Circuit Court at Pittsburg yesterday before Judge Buffington. An additional bill, accompanied by a petition, was filed. The bill recites that the telegraph lines of the plaintiff company comprise over 192,000 bales of poles and cables and over 900,000 miles of wire; that it has over 123,000 offices and transmits about 65,000,000 messages annually, exclusive of railroad business, office business of the company, and of parties having private wires. The plaintiff company denies the right of the defendant to compel the removal of the poles and wires of the plaintiff and alleges that the purpose of the attempt to oust the Western Union Telegraph Company from the lines of the Pennsylvania pany all the privileges now enjoyed by the plaintiff company. It is claimed that there is ample room for the lines of both telegraph companies on the right of way of the defendant company, and that the object of the defendant company is to destroy the business of the plaintiff company for the benefit of the Postal Telegraph and Cable Company, which, it is alleged, is contrary to the laws of the United States and Pennsylvania.

In addition to the bill there was filed a bond for \$100,000, which the court was asked to approve to indemnify the railroad company pending proceedings to determine the compensation to be paid to the railroad company in return for the privileges the telegraph company asks as its right under the law. This is in addition to the injunction prayed for restraining the company from removing the telegraph lines from its property for which the usual bond

New Freight Tariff Schedule.

The Michigan Central yesterday filed with the Interstate-commerce Commission a new freight tariff schedule between New York and Chicago, making an increase of 5 per cent. in the export rate on provisions and of 5 cents for dressed meats, both for domestic and export. The new tariff will be effective Jan. 1 next year. The tariff on provisions is thus raised from 25 to 30 cents per hundred pounds and on dressed meat from 40 to 45. The domestic rate on provisions remains as at present. The increase means a difference of some hundreds of thousands of dollars to shippers. It is ex-pected that all the other roads in the Central Freight Association territory, which comprises everything east of the Mississippi river and north of the Ohio, except north of Illinois, will under the agreement, which is understood to have been reached by the roads, file similar tariffs, and increase in other articles are expected.

Panhandle Earnings.

Secretary Leggett, of the Pennsylvania Company, has issued the monthly statement showing the results of the operation of the Panhandle for one month and for the ten months ending with Oct. 1. Although the receipts for October show a slight falling off from the exhibit of October, 1901, the figures for the ten months show a substantial gain. For the month of October the statement shows the increase in the gross earnings, as compared with the same month last year, to have been \$109.822; operating expenses increased \$138,453, which caused a decrease in the net earnings of \$28,631. For the ten months ending with Oct. 31, the gross earnings increase was \$1,745,257; operating expenses increase, \$1,589,983; net

General Superintendent Van Winkle, of the Big Four, returned to his offices yesterday from a trip of several days over the

lines under his charge. It is said the executive officers of the trunk lines will not decide the question of the exchange of passes for the ensuing year until the 15th prox.

N. R. Johnson has been appointed general agent of the Big Four at Cincinnati, in place of George Metzger, recently appointed division freight agent. Fifty-two roads report gross earnings for the second week in October of \$10,567,055, as against \$9.715,126 for the corresponding

weeks in 1901, an increase of \$851,928. General Passenger Agent Daniels, of the New York Central, is supplying local ticket agents of the Vanderbilt lines with all such general information as would be valuable to the traveling public, thus making of each office a traveler's information bureau. The Transcontinental Passenger Association has declined to join in a national protective association, as suggested by the Central Passenger Association. It decided to follow the Western Passenger Associa-tion and deal with the brokers as hereto-

The proposed meeting of general chairmen of locomotive engineers of the Western roads, which was to have been held on Dec. 1, for the purpose of taking steps to secure a general advance in wages of en-gineers of 15 per cent., has been indefinitely Business on all lines touching this city

continues very heavy, and it requires care-

ful handling to prevent congestion. A

slight falling off is noticed in the amount of merchandise coming from the Eastern markets, but otherwise there is as yet no let up in the volume of traffic. The full pamphlet report of the Iowa Central for the year ending June 30, just issued, shows gross earnings of \$2,543,350. Deducting operating expenses and fixed charges there remains a surplus of \$204,538. The earnings per freight train mile were \$1.46, against \$1.60 for the preceding year. George Pierce, superintendent of the marine construction of the New York. New Haven & Hartford Railroad Company, died of heart disease at Newport, R. I., yesterday, at the age of seventy-four years. He designed and superintended the building of the steamers Puritan, Plymouth and Pris-

The Western Maryland Railroad (Wabash system) announced yesterday that it had awarded a contract for building its tracks from its main line west of Balitmore to tidewater in South Baltimore, a distance of seven miles. The contractors are the Degnan & McLean Construction Company and the amount is \$400,000.

Superintendent of Motive Power Barnes, of the Wabash, denies the statement telegraphed from Springfield, Ill., that he intended to resign his position. He says he will not do anything of the sort while trouble with the employes is pending, and that he will stay with the Wabash as long as his superiors want him.

The Lake Erie & Western Company has ordered new seventy-five-pound rails, thirty-three feet long, for the track between Atlanta and Kokomo Junction. Some time ago the work of putting down heavier that has been down for years was started at Indianapolis, and has been gradually Michigan City. George W. Van Horne, until recently

chief engineer for the Bengal & Northwest ern Railway of India, who recently arrived in this country, reports that American locomotives introduced into India have not come up to expectations, as they lack durability and consume too much coal. It is possible that the locomotives would have made a better showing in the hands of American engineers.

General Manager E. E. Calvin, of the Oregon Short-line Railroad, yesterday announced that on Dec. 1 the wages of all switchmen and the yardmen in the employ of the road would be advanced approximately 10 per cent. This will make the wages conform with the new Chicago wage schedule. The advance is voluntary on the part of the road. Several hundred men are benefited by the increase.

The latest plans of the 'Frisco show that the Denver, Enid & Gulf line, being completed from Enid to Guthrie, O. T., will be extended immediately to Coal Gate, I , a distance of 125 miles. The line also is being surveyed westward for 150 miles. The plans also show that the Arkansas & Choctaw, recently purchased by the Frisco, will be extended from Ardmore to Wauseka, sixty miles, thence to Vernon,

The aggregate exhibit of 106 roads reporting to the Wall Street Journal for the month of September shows: Gross income. \$102,411,406, an increase of \$7,012,200 over 1901; expenses. \$67,298,194, an increase of \$6,825,040 net, \$35,113,212, an increase of \$187,060. The net earnings of 131 roads for three months were \$117,867,975, a decrease from the preceding year of \$5,100,872. The net increase of the 106 roads for September was .53 per cent., a loss of 4.14 per cent.

Effective Dec. 1 the following changes are announced in the passenger department of the Big Four: W. C. Cone, station passenger agent at St. Louis, will be promoted to passenger agent, to succeed I. P. Spining, who leaves the Big Four to take service with the Chesapeake & Ohio; C. C. Rhodes, assistant ticket agent at St. Louis, will take the place vacated by Mr. Cone, and C. A. Patton, secretary to Assistant

proposition made by the Southern lines that colonist rates from Memphis to points in the Southwest be withdrawn was debated at the recent joint conference in St. Louis. The Southwestern lines find that the colonist rates from Memphis used as a basing point on business to the Southwest disturb the rates from other gateways in the South and Southwest. The Southwestern lines took the matter under consideration and were to have wired their conclusions to the chairman of the Southwestern Association yesterday.

The Vandalia school fund decision is of much more interest to Terre Haute than the simple decision as to the obligation of the company to the State. It has been understood, says a dispatch to the Journal. that the road would be taken out of the receiver's hands when the long disputed claim has been adjusted and the question now is whether the decision of the Supreme Court will be regarded as the final decision in the litigation. With the road restored to the Pennsylvania Company, it is expected there will be a number of important changes in the management, perhaps the most important of all being the appointment of a traffic manager. Among the train crew employes there is also the expectation of an advance in wages in accordance with the advance on other Pennsylvania lines.

JURY IN CRIMINAL COURT REACHED NO AGREEMENT.

Guilt of Douglas Hedges Not Established-Peculiar Injuries Alleged-Increase of Divorce Suits.

The jury which heard the trial of the State against Namie Greene, the Denison House chambermaid indicted for stealing three diamond rings from Mrs. Bertha Lupton, of Hartford City, Ind., disagreed and was discharged by Judge Alford yesterday in the Criminal Court. The case was given to the jury Tuesday afternoon and at 6 o'clock it was announced that a verdict | had been reached. This was erroneous, as the jury, after an all-night session, failed to agree, and at 4 o'clock yesterday afternoon was called into court and discharged by the judge. In dismissing the jury Judge Alford stated that the testimony in the trial did not seem to him to be sufficiently complicated to cause a disagreement of a jury.

For Peculiar Injury. Philander H. Fitzgerald yesterday filed two suits against the Maryland Casualty Company, of Baltimore, and the United States Casualty Company for judgments on accident policies, of \$350 each. Fitzgerald has two cases on the calendars of the county courts now awaiting trial. His claim for damages is that on Aug. 1, while asleep, he inadvertently used his right hand and arm as a pillow and when he awoke found that he had injured his hand. An operation was necessary and the healing of it was so slow that he was unable to work at his trade. The claims for money on the policies were disputed by the casualty companies because of the peculiarity of the

An assessment of personal property in a township of which the owner is not a resident is illegal and void. 3996. C. I. & E. Ry. Co. vs. Linn. Miami Affirmed. Henley, J.-1. A general verdict for plaintiff necessarily finds that all the material allegations of the complaint are true, and unless it is irreconcilable with the answers to interrogatories it will stand. 2. While it may be error to refuse a correct

ing of the court excluding an answer to a question propounded to a witness, a statement must be made to the court of the testimony the witness will give if permitted to answer the question before a ruling is made thereon, and an exception reserved to the ruling at the time it is made. 4081. City of Greenfield vs. Johnson. Hancock C. C. Affirmed. Wiley, J.-1. In an action against a municipal corporation upon an account for services it is not necessary to allege by what authority plaintiff was employed to render the services. 2. Failure to discuss an alleged error is a waiver of it. 3. Although the bill of exceptions states that it contains all the evidence, if it shows upon its face that it does not the court will not consider any question which depends for its proper decision upon the evidence, 4. By introducing evidence after the court has overruled a motion, at the conclusion of

plaintiff's evidence, to instruct the jury to find for defendant, the latter waives the right to have the ruling on such motion considered. 4075. Kibbey vs. Richards. Grant C. C. Affirmed. FINE LOAVES OF BREAD.

Mrs. Haffner's Baking Contest at Avres's Store a Success.

Mrs. Haffner's bread contest, held yesterday at L. S. Ayres & Co.'s store, proved a financial success, highly gratifying to the members of the Flower Mission, under whose patronage the contest was held.
Over eight hundred loaves of bread were entered in the contest. From these six loaves of the finest quality were selected by the judges, Mrs. Frederick Beck, Mrs. Charles A. Bookwalter, Mrs. D. M. Parry and Mrs. Haffner. The final decision as to their quality was made by Mrs. Haffner, black white, 14c; grays, 14c. Kid-finished Cambrics-Edwards, 2%c; Warren, and the prizes were awarded as follows: Oro E. Carrther, 533 Tacoma street, first prize of \$25, donated by L. S. Ayres & Co. Alice Schroyer, 1652 Ludlow street, second prize of \$20, donated by V. Bachman. Mrs. Doyle, 1533 East Market street, third prize, a Perfect gas range, donated by the Indianapolis Gas Company. Nora McCready, 1635 Bellefontaine street. fourth prize of \$10, donated by V. Bach-Mrs. Hammond, 2728 Bellefontaine street.

fifth prize, a \$5 carving set, donated by the Vonnegut Hardware Company. Mary Gudgel, 1720 North New Jersey street, sixth prize, one hundred pounds of Bachman's Best flour and two of Haffner's cake pans, donated by V. Bachman and Mrs. Haffner. The bread left after the decision was sold for the benefit of the Flower Mission. the proceeds from this amounting to \$35.50 Mr. F. M. Ayres, of L. S. Ayres & Co., kindly purchased the \$14 worth of bread left from the sale. This he donated to the various charities of the city as follows: Eleanor Hospital, Alpha Home, Home for

LOCAL WHOLESALE TRADE

3995. Oil Company vs. Griest. Adams C. BUSINESS YESTERDAY WAS ONLY OF MODERATE DIMENSIONS.

> The Bad Weather Interfering Materially-Wheat and Oats Steady, While Corn Continues to Weaken.

Everything was quiet yesterday in trade circles, as is not unusual on a day preceding a holiday. Though dry-goods dealers are not complaining, they freely acknowledge that a greater volume of business would be acceptable, and they are still hopeful of trial on the charge of burglary, entering gas to consumer under a special agreement an improvement soon. There is no weakena house to steal and grand larceny. Hedges it may lawfully make such agreement withing in quotations, as goods are believed to be worth all that is asked for them. 4214.
